BÜHLER TECHNOLOGIES

YOUR SYSTEM – OUR SERVICE

DIGITAL CONDITION MONITORING
ADVICE AND SUPPORT

WE GIVE 100%

WE INTRODUCE OURSELVES

Customisation and flexibility are also the focus of our service. Our service team is not only a reliable resource for Bühler products but also for products from other manufacturers. We work together with our customers to design custom maintenance plans and commissioning which guarantee 100% service quality. This includes a hotline, reliable appointments, quick parts despatch, quick response times for on-site customer service as well as service personnel training including certification.

OUR CUSTOM SERVICES FOR YOU

- Maintenance

E-Mail: service@buehler-technologies.com

DIGITAL CONTROL WITH MOBILE MONITORING

TC MOBILE

DIGITALE ZUSTANDSÜBERWACHUNG

CONDITION MONITORING WITHOUT INSPECTION ROUNDS

We have recently introduced TC Mobile, which offers you the option of receiving information about the status of your system via E-Mail or text message on your computer or mobile phone. Each of your systems can be upgraded accordingly.

You can choose which status changes you wish to be notified about. The TC Mobile can send you notifications at regular intervals. You can decide for yourself which notifications are important to you.

This product allows you to monitor your system more easily and effectively.

We would be happy to advise you on the options available, including those with Bühler Technologies as a system partner.
